

## **Terms & Conditions for the 2021 Wayne Gretzky Gold on Ice Collection**

**UPDATED November 12, 2021 to reflect revised “Reveal Date” and “Activation Deadline”**

The Wayne Gretzky Gold on Ice Collection is a limited edition release of NFT collectibles of five (5) different types and of various rarity tiers (“**Collectibles**”). (The “**rarity tiers**” are Carbon, Platinum, Emerald, Sapphire, and Ruby.) The Collectibles can initially be obtained by purchasing a container (“**Container**”) enclosing one randomly selected Collectible, as further detailed below (except that the Immortal Statue Collectibles cannot be obtained from a Container, and can only be obtained via the means set forth in the “Immortal Statutes” section below).

**Purchase Dates:** During the Early Access Period, the Containers will be made available for purchase to eligible Autograph users as further set forth in the “Early Access Period” section below. Thereafter, remaining Containers will be made available for purchase to all Autograph users as further set forth in the “Public Drop” section below.

The specific times for purchase are set forth below (which may be subject to change from time to time in Autograph’s (“**the Company’s**”) sole discretion):

<b>Wayne Gretzky Gold on Ice Collection</b>	
Early Access Deadline	11/9/2021 at 12pm ET
Early Access Period Start Time	11/9/2021 at 3pm ET
Early Access Period End Time	11/11/2021 at 3pm ET
Public Drop Start Time	11/11/2021 at 5pm ET
Reveal Date <b>UPDATED 11/12/2021:</b>	<del>11/16/2021 at 3pm ET</del> <b>11/23/2021 at 3pm ET</b>
Activation Deadline* <b>UPDATED 11/12/2021:</b>	<del>11/23/2021 at 2pm ET</del> <b>11/30/2021 at 2pm ET</b>

*\* The Activation Deadline is only relevant for the redemption of Immortal Statue Collectibles as outlined below.*

**Early Access Period:** To be eligible to purchase a Container during the Early Access Period, individuals who hold a Wayne Gretzky Preseason Access Pass (of any type, and whether signed or unsigned) must (i) hold their Wayne Gretzky Preseason Access Pass on the Early Access Deadline set forth above, as determined by Autograph in its sole discretion; (ii) establish an Autograph user account with an e-mail address before the Early Access Deadline; and (iii) link their DraftKings account that holds the Wayne Gretzky Preseason Access Pass to their Autograph account before the Early Access Deadline. To ensure that their eligibility is properly verified, individuals who wish to purchase a Collectible during the Early Access Period are advised to confirm that their DraftKings profile is linked to their Autograph user account well in advance of the Activation Deadline, and are further advised to hold their Wayne Gretzky Preseason Access Pass or Passes, well in advance of and after the Early Access Deadline. Users eligible for the Early Access Period can purchase their Container(s) at any time within the Early Access Period without having to join a waiting room or enter a queue.

The number of Containers that a holder of a Wayne Gretzky Preseason Access Pass (or Passes) is eligible to purchase during the Early Access Period will depend on which Wayne Gretzky Preseason Access Pass or Passes the user owns, as set forth below (please be advised that Autograph reserves the right to adjust these allocations for future drops with other Regular Season Collections in its sole discretion). For clarity, a user is permitted to purchase a number of Containers based on their total ownership of Preseason Passes, so (for example) a user who owns one Emerald Premier pass (entitling the user to purchase 2 Containers during the Early Access Period) and one Carbon Premier pass (entitling the user to purchase 1 Container during the Early Access Period) will be entitled to purchase three (3) Containers (i.e., 2 + 1) during the Early Access Period.

<b>Preseason Access Pass Type</b>	<b># of Containers Allowed to Purchase Per Pass*</b>
Ruby Signed	25
Sapphire Signed	14
Emerald Signed	10
Platinum Signed	6
Carbon Signed	6

Ruby Premier	4
Sapphire Premier	3
Emerald Premier	2
Platinum Premier	1
Carbon Premier	1

**Public Drop:** After the expiration of the Early Access Period, while supplies last, any remaining Containers will be made available via the Public Drop. For any Container available during the Public Drop, any user will be eligible to purchase a maximum of one (1) Container per user regardless of whether or not that user holds a Preseason Access Pass, or what Preseason Access Passes that user holds, while supplies last. During the Public Drop, any user (regardless of whether they hold a Wayne Gretzky Preseason Access Pass) will be allowed to navigate to the DraftKings Marketplace, join the waiting room and be placed in a queue to purchase any mystery container(s) remaining after the Early Access Period, while supplies last.

**Containers:** Autograph will offer 16,600 Containers for sale, at a price of \$60 per Container for the Wayne Gretzky Gold on Ice Collection. Each Container will hold one (1) Collectible inside that is randomly determined and will not be revealed until after the user opens the Container. Containers can only be opened after the Reveal Date set forth above. Users do not need to open a Container once purchased, and may re-sell a Container unopened. The various Collectibles (and their quantities) available within Containers are as follows:

By purchasing a Container, you hereby accept that you are purchasing one of the Collectibles above.

**Immortal Statues:** Immortal Statue Collectibles are special Collectibles that can only be obtained in one of two ways: (1) by completing and holding a Set (as defined below) before the Activation Deadline as further outlined below, or (2) by purchasing them from other users. The Sapphire & Ruby versions of the Immortal Statue Collectibles will be individually signed by Wayne Gretzky himself, while Carbon, Platinum & Emerald versions of Immortal Statue Collectibles will be unsigned. The Immortal Statue Collectibles in each rarity tier are different from the Immortal Statue Collectibles in any other rarity tier. The total quantity of available Immortal Statute Collectibles is set forth below:

#	Rarity	Collectible Type	Collectible Name	Edition Count
26	Carbon	Immortal Statue	Wayne Gretzky Carbon Premier Immortal Statue	maximum of 1,300 available
27	Platinum	Immortal Statue	Wayne Gretzky Platinum Premier Immortal Statue	maximum of 800 available
28	Emerald	Immortal Statue	Wayne Gretzky Emerald Premier Immortal Statue	maximum of 550 available

29	Sapphire	Immortal Statue	Wayne Gretzky Sapphire Signed Immortal Statue	maximum of 120 available
30	Ruby	Immortal Statue	Wayne Gretzky Ruby Signed Immortal Statue	maximum of 50 available

For each rarity tier of Immortal Statue Collectibles, users are deemed to have completed a “**Set**” when they acquire one of each of the following Collectibles of the same rarity tier: (i) one “Most Assists in a Season Puck,” (ii) one “Most Goals in a Season Puck,” (iii) one “Most Career Assists Puck,” (iv) one “Most Career Goals Puck,” and (v) one “Most Career Points Puck.” For clarity, if a user holds each of these five Collectibles above, but the Collectibles are of different rarity tiers (e.g., three are Carbon, and two are Ruby), that collection will not be deemed a completed Set.

For each different Set a user holds at the Activation Deadline, such user will be eligible to receive in their DraftKings account one (1) Immortal Statute of the same rarity tier as the Collectibles in the Set, provided such user has also successfully linked their DraftKings account to their Autograph user account at the Activation Deadline (collectively, the **Eligibility Criteria**). A user who completes more than one Set of the same Collectibles is eligible to receive an Immortal Statue Collectible for each completed Set, whether or not the completed Set is in the same rarity tier (e.g., a user completes two Carbon Sets and then receives two Carbon Immortal Statute Collectibles) or different rarity tiers (e.g., the user completes one Carbon Set and one Sapphire Set and then receives one Carbon Immortal Statue Collectible and one Sapphire Immortal Statue Collectible).

Users who wish to be eligible to receive an Immortal Statue Collectible are advised to hold their completed Set or Sets, and link their DraftKings profile to their Autograph user account, well in advance of and after the Activation Deadline to ensure that their eligibility is properly verified. Any user who completes a Set after the Activation Deadline, or who no longer possesses a Set as of the Activation Deadline, in each case, as determined by Autograph in its sole discretion, will not be eligible to receive an Immortal Statue Collectible. For clarity, if a user completes a Set before the Activation Deadline, but then subsequently sells one or more of the Collectibles required to complete that Set before the Activation Deadline, the user will not be eligible to receive an Immortal Statue for that Set unless the user re-acquires the necessary Collectibles for the Set before the Activation Deadline and holds such Collectibles at the Activation Deadline.

For example:

- If, at the Activation Deadline, a user holds two Ruby Most Assists in a Season Puck Collectibles, two Ruby Most Goals in a Season Puck Collectibles, two Ruby Most Career Assists Puck Collectibles, two Ruby Most Career Goals Puck Collectibles, and two Ruby Most Career Points Puck Collectibles, that user will be eligible to receive two Ruby Immortal Statute Collectibles in their DraftKings account after the Activation Deadline.
- If, before the Activation Deadline, a user held two Carbon Most Assists in a Season Puck Collectibles, two Carbon Most Goals in a Season Puck Collectibles, two Carbon Most Career Assists Puck Collectibles, two Carbon Most Career Goals Puck Collectibles, and two Carbon Most Career Points Collectibles, but that user sold the two Carbon Most Career Points Puck Collectibles before the Activation Deadline (and did not re-acquire them before the Activation Deadline), the user will not be eligible to receive any Carbon Immortal Statute Collectibles after the Activation Deadline.

If fewer than the maximum number of Immortal Statue Collectibles are redeemed following the Activation Deadline, Autograph will reserve the remaining Immortal Statue Collectibles, and may sell, retain, burn or otherwise handle disposition of such Immortal Statue Collectibles at any time in its sole discretion.

**Additional Terms:** Your purchase or receipt of any Collectible is subject to Autograph's Terms of Service at <https://go.autograph.io/tos>. If you violate any of Autograph's Terms of Service, in addition to all other available remedies, you may be deemed ineligible to purchase or receive any Collectibles.
